Alliance Chair Michael Gobel response to appointment of the Hon. Harriet Shing MP as the Victorian Minister for Health.

"The Alliance of Councils for Albury Wodonga Region Health Services congratulates Minister Shing on her appointment.

"This presents an important opportunity for the State Government to re-engage with our region to better understand the scale and complexity of healthcare demand in Albury Wodonga.

"As those closest to the community, we see firsthand the impact of a system under pressure.

"We would welcome the opportunity to meet with Minister Shing to discuss the redevelopment as well as the need for stronger, more equitable investment in regional healthcare to ensure our community receives the care it needs and deserves."
